VOL. CXXXVI.—No. 51. ALEXANDRIA, VIRGINIA, SATURDAY, FEBRUARY 28, 1920. PRICE ONE CENT

MEASURE BEFORE GENERAL ASSEMBLY

One Dollar May Be Levied On Each $100 of Bank Stock

RICHMOND WILL LOSE

Amendment to "Blue Sky" Law Receives Stamp of Approval of House of Delegates.

Richmond, Va., Feb. 28.—Under provisions of a bill just passed by the House and forwarded to the Senate, localities may levy a tax of only $1 instead of $1.25 on the $100 worth of bank stock. The 25 cent tax segregated to the State is left intact. The measure means a loss of from $40,000 to $50,000 in revenue to this city.

The Ozlin-Willis amendment to the "blue sky" law also received the House stamp of approval. It includes provisions designed to materially strengthen the statute regulating the sale of speculative stocks in Virginia. Adequate bond must be executed by any company seeking to sell stock. Fees to promoters and salesmen must not exceed 20 per cent of the value of the securities.

Commonwealth's attorneys are debarred from acting as counsel for public service corporations in a bill reported by the house committee for courts of justice.

Without recommendation, the house finance committee reported the Hunter bill, granting the legislators an increase in salary of 100 per cent.

Prediction is made that the bill designed to break up the alleged monopoly of the Virginia Pilots-Association will be killed in committee.

The house is now holding two sessions daily, and will continue to do so the remainder of the session, it is announced.

Another bill by the body would prevent the confiscation of an automobile in a liquor case if the owner can prove that the car was being used to transport ardent spirits without his knowledge or consent.

It was understood about the capitol today that a Democratic caucus will be held some time next week to name a commissioner of prohibition for the next two years, now that both the Upper and Lower Branches have passed the bill extending the life of the department until 1922. Dr. J. Sidney Peters, incumbent, is a candidate for re-election. Others actively seeking the position are Delegate Harry B. Smith of Culpeper, and former Delegate William Bullitt Fitzhugh, of Northampton, both allied with the dry forces.

SECOND "SOVIET" ARK

New York, Feb. 28.—The second "Soviet ark" is to sail for Europe early in March with a large passenger list of Communists and anarchists, it was stated yesterday by an official of one of the government departments in charge of the deportation.

According to agents of the Department of Justice there are 19,000 "perfect cases" now on hand as a result of the raids in various parts of the country and 400 others against whom the evidence is not so conclusive.

JENNIE R. MORSE GLIDES OFF WAYS

Sponser is Miss J. R. Morse In Whose Honor Boat Is Named

LAUNCHING A SUCCESS

Ship Makes Plunge Two Minutes Ahead of Schedule—Late Comers Miss Launching.

One of the most successful launchings ever witnessed at the plant of the Virginia Shipbuilding Corporation was the launching of the 9,400 steel freighter Jennie R. Morse which left the ways easily this afternoon in the presence of a good sized crowd of spectators.

Miss Jennie R. Morse, Bath Maine, in whose honor the big cargo carrier is named, broke a bottle of wine over the nose of the vessel as she glided into the river. The siren let loose and the crowd applauded.

Miss Morse carried a big bouquet of American beauty roses.

The boat slipped from the ways exactly at 12.28 o'clock and some persons who were a little behind time missed seeing the ship leave the ways as the hour set was 12.30 o'clock.

Attending the launcaing were many officials of the Virginia Shipbuilding Corporation.

At the conclusion of the launching a buffet luncheon was served the invited guests in the administration building.

The Jennie R. Morse will be completed within the next sixty days it is expected.

This is the seventh ship launched by this company within a period of twelve months.

Miss Morse is a sister of Charles W. Morse, who is president of the United States Steamship Company and president of the board of directors of the Virginia Shipbuilding Corporation. The last ship launched at this company's plant was the Clemence C. Morse, January 10, last.

GIVEN ARMORY

Common Council Turns Building Over to Community Center

Common Council at a special meeting held last night adopted the resolution of Councilman Ticer that the Armory be given to the Community Center and Alexandria Post No. 24, American Legion for a year from March 1.

Council also adopted resolution of Councilman Ticer appropriating $300 to reimburse Leo M. Sweeney, who leases the hall, for rent paid during his tenancy, he having made considerable improvements, and therefore representing rental at $60 a month.

There was a bare quorum of nine members present and they were not gotten together until about 9 o'clock some of the members being under the impression that there was not to be any meeting last night.

The merits of the Community Service were outlined by Councilman Ruben, who among other things stated it keeps the boys and girls off the streets.

The members present were Messrs. McCaffrey, Ruben, Desmond, Armstrong, Ticer, Fletcher, Wattles, Kaufmann, and President H. R. Burke.

The matter will no go to the board of aldermen and it is expected that body will take action on the matter next week. Afterwards it will go to the mayor for his approval.

The Community Service will move into the hall just as soon as the measure is finally adopted they having been notified by the Elks that the Elks desire to dispose of the building they now occupy at the northeast corner of Prince and Royal streets.

LAUNCH CAMPAIGN FOR CLUB HOUSE

Master Masons' Club Give Dinner Last Night

MORE THAN 100 ATTEND

Speakers Are C. H. Callahan, Rep. J. G. Monahan, C. P. Waller, W. H. Hays, E. P. Hall.

More than one hundred members of the Master Mason's Club of this city and their friends gathered in the Westminster Building last night for an informal dinner. The purpose of the dinner was to start the ball rolling for a new club house, and the plans presented by the Board of Governors was received with great enthusiasm.

For nearly four hours the diners listened to humorous, dramatic and inspiring addresses. The honors of the evening were evenly divided between Charles H. Callahan of this city, who delivered an instructve address and who kept his hearers constantly applauding dramatic moments. Mr. Callahan chose as his subject the Virginia Constitutional Convention and with the skill for which he is famous traced the history of constitutional government in the United States. So well received was his address that he was compelled to respond to an encore.

Representative Jas. G. Monahan, of Wisconsin, made a deep impression upon the Masons present by an impassioned plea for "Less Politics and more Pure Unadulerated Americanism." Mr. Monahan is justly well known for his humorous style and last night's address fulfilled the expectations of those who heard him. He was received with much enthusiasm and responded several times to an encore.

While Eli Smith's orchestra of this city played Dixie the guests assembled in the Westminster Building, the tables being arranged in the form of a hollow square. The Rev. John Lee Allison delivered the invocation.

R. M. Much presided as toastmaster and introduced the various speakers with verbal thrusts that kept the diners applauding.

C. Page Waller, president of the Master Masons' Club outlined briefly the past and present history of the club and spoke particularly on the exceptional progress that had been made in membership.

He was followed by W. H. Hays who belied his introduction as one whose "gloom oozed". His humorous stories were exceptionally well received.

E. P. Hall, chairman of the board of governors outlined in detail the proposition offered by the board of governors looking toward the acquisition of a home for the club in Alexandria. The proposition will be presented to every Master Mason in Alexandria and by the enthusiasm exhibited it is the aim of the club will undoubtedly be achieved quickly.

The board of governors of the Master Masons' Club is composed of E. P. Hall, chairman, C. Page Waller, C. W. Smith, H. C. Russell and R. M. Much.

The officers of the club are C. Page Waller, president; J. E. W. Timberman, vice president; C. W. Smith, secretary, H. C. Russell, treasurer and R. S. McMilan, financial secretary.

This club is affiliated with the National League of Masonic Clubs. Last night's affair is a fore runner of many affairs of a similar nature which the club proposes to have.

SPORTS

Last night gave the Dreadnoughts the championship of Alexandria in basketball, as they defeated the Virginia A. C. at the Armory, 26 to 14, in a spirited contest. This clinches the title for the Dreadnoughts, who have only one more game to play, meeting the Lyceums Monday night in the final game on the schedule.

Last night's melee was one sided, the Dreadnoughts leading at half time, 12 to 3. The Virginias were outplayed by the titleholders throughout, although the young club men put up a sterling exhibition. Superior shooting and team work turned the tide for the wearers of the Big D.

Ike Dreifus, Crouch and Frasca played snappy basketball for the winners, while Alexander's shooting and the floor work of Peyton were the features for the Virginias.

Tonight will see another snappy basketball game on tap at the Armory, the War Risk aggregation, which defeated the American Legion team here early in the season, meeting the Dreadnoughts. This contest should furnish plenty thrills for the lovers of the court game This scrimmage will get under way promptly at 8:15 o'clock.

A meeting of the Community Center baseball team will be held tomorrow afternoon at the Community Center at 2 o'clock, and all members of the team, and those who desire to try for positions, are requested to report to Captain Rosy Hayden at this hour.

A meeting of the Dreadnought A. C., will be held Tuesday night at the Community Center, Prince and Royal streets, and President James M. Duncan requests every member to attend, as matters of the utmost of importance will be discussed. The meeting will be called to order promptly at 8 o'clock.

The Columbia A. C. basketball team will play the strong unbeaten Walter Reed Hospital five in McBurney's hall tonight at 8 o'clock. As the soldier boys are rated as the best team in the district and the Columbia A. C. five has been defeating everything in sight during their last five game, this should be one of the best games seen in this city during the season. The game to be played between the Dreadnought A. C. and the Columbia A. C. next Wednesday night has been cancelled The Dreadnoughts refusing to play in McBurney's hall. But it is expected that Manager Chilcotte of the Columbia A. C. and McDonald of the Dreadnoughts will meet some time next week, when the difficulties will be straightened out.

ALLIES TO COOPERATE

France and England Drawing Near to Rome's Viewpoint

Washington, Feb. 28.—Italy has not accepted President Wilson's latest Adriatic proposal in its entirety. England and France have also qualified their acceptance of it.

Officials in allied circles here drew these conclusions anent the allied reply to the President's latest note. The answer of the allies was sent to the White House by Acting Secretary of State Polk at noon yesterday.

Premier Nitti probably will not oppose direct negotiations with the Jugo Slavs, allied opinion said. But admittedly he will not before hand "bind himself to the President chariot" in the event of their failure. France and England are both expected to support this Italian position.

ANOTHER SHIP LAUNCHED

The steel steamship "Jennie R. Morse," the seventh launched at the plant of the Virginia Shipbuilding Corporation at this place, within a year, passed off the ways into the Potomac about half-past twelve o'clock today. She is now moored close to the "C. C. Morse," launched last January.

The launching of the "Jennie R. Morse" was not witnessed by as many people as gathered one year ago yesterday to watch the "Gunston Hall" make her descent into the river. This steamer was the first product of the Virginia Shipbuilding Corporation, and on that occasion people were drawn here from all sections. Launchings at this plant are now common place incidents, and while the assemblage today was large, it was not of the dimensions of that of February 27, 1919.

It was a happy occasion, however, and the many who were present became enthusiastic when they saw the huge steel steamer gliding from her cradle into her element.

The launching, like that of former occasions, was a success in every particular. It took place on schedule time without a hitch of any sort.

Alexandria now has five huge steamers engaged in ocean trade bearing the words "of Alexandria" under their names. These vessels have carried the Stars and Stripes and the name of their home port to far away cities, and in the near future two more will be in commission. These ships have made voyages to Liverpool, Rotterdam and the Adriatic.

It is pleasant to realize that while the maritime importance of the United States is increasing all the time, Alexandria is adding to the great fleet of modern steamers which is making the American flag conspicuous upon the great deep.

CASE OF HERR KAUTSKY

In Germany, while it is still an offense to tell the truth, you may escape punishment if you are lucky says the New York Tribune. "Karl Kautsky, the veteran theorist of social democracy and leader of the Independent Socialists, who published from the Foreign Office archives documents relating to the immediate origin of the war, is not to go to jail.

"His publication of documents which revealed the personal responsibility of the Kaiser more definitely than anything that went before was by far the most honorable act emanating from a German public official since the outbreak of the war; also, it was good diplomacy, for it showed to the world that there still are German officials capable of telling the truth, and because by fixing the blame on the Kaiser it tended to diminish the responsibility of the German people.

"But these considerations do not appeal to a patriotic German. Patriotic Germans, represented by the Conservative leaders in the Assembly, brought proceedings against Kautsky for what they called a grave breach of official secrecy on the part of the government's archival expert. Herr Kautsky was charged with having "made business out of the misfortune of his country." The committee, however, appointed to deal with the matter found that although Herr Kautsky "had been lacking in caution in not having prevented the premature publication of the book abroad, whereby great harm resulted," he nevertheless acted in good faith.

So for the time being he is not to be removed from his post. But the chances are he will be quietly dropped before long. He is dangerous. He scandalizes Germany by his truth telling, and his revelations have not made it easy for pro-Teutons throughout the world to exploit their favorite doctrine that for the war one side was about as much to blame as the other.

CHRISTIAN LABOR CONGRESS

The decision of European labor leaders, Roman Catholic and Protestant, who wish solution of the social problems on a distinctly Christian basis, to hold an international congress at The Hague in May, is one of the most important of recent announcements. German, French, Belgian and Dutch delegates assembled at Rotterdam made the decision; but representation at the congress will be far more inclusive.

This sinking of differences of creed, ritual and polity, born of the Reformation and Luther's revolt, in the presence of the distinctly anti-religious socially subversive tendencies of the teachings of Marx and the practices of Lenine, is not a new phenomenon in Europe. Holland has seen the compact working for some time, with results that have been thwarting to secularism and violent revolt. Calvinist and Franciscan have cared more for defeat of a common foe than for victory in a conflict within the Christian ranks.

Similar union exists informally now in this country, and could be readily turned into formal federation were the situation to become as acute as it is in Europe. The pronunciamentos recently put forth by the Federal Council of Protestant Churches with 21,000,000 adherents and by the archbishops and bishops of the Roman Catholic Church are strikingly alike in their sensible progressive but evolutionary program for social reform, and in their clear definition of hostility to irreligion and a theory of society which explains every thing by economics.

A union of these forces in this country, as in Europe, under plans to be worked out by the coming conference at The Hague, will be one of the conserving factors of the time at an hour when stabilization is woefully needed.—Washington Herald.

EYES ON MR. MOORE

The Eighth District watches with no small feeling of pride the congressional career of her new Representative, Hon. R. Walton Moore.

Representative Moore already has made telling strides towards earning the title of farmers' friend. In the recent debate on the agricultural appropriation bill he was a staunch supporter of the agricultural department. He has shown particular interest in direct marketing between farm producer and city consumer, as proposed by Washington community centers and Prince William farm interests, and awaits the success of the plan to urge its adoption throughout his district.

Mr. Moore seems to have slipped into congressional harness without the breaking period which is the usual experience. From his maiden speech up to the present he has made enviable progress in the eyes of his constituants and of his colleagues.—Manassas Journal.

WOULD EXTEND DRY ZONE

Senator Kenyon Proposes That U. S. Buy Ieslands From Great Britain

Washington, Feb. 28.—Senator Kenyon, of Iowa, wants the Bermuda Islands. Yesterday he introduced a resolution requesting that negotiations be opened with Great Britain for the purchase of those Islands.

The Iowa senator made no statement in introducing his resolution but he said later, by way of private explanation, that these islands occupy a strategic position, as they lie midway between the coast of the United States and the Virgin Islands, recently acquired from Denmark. In view of the large amount of money Great Britain owes the United States and the relative unimportance of the islands as a British possession, Senator Kenyon thinks a satisfactory trade might be made.

The Islands of Bermuda lie about 700 miles directly east of South Carolina, and for the Northern States are the nearest Atlantic oasis where some relief from prohibition conditions now existing in the United States may be obtained. There is a suspicion in some quarters that the Kenyon resolution is a deep and dark plan to extend the influence of the Antisaloon League out into the Atlantic and make this delightful resort as dry as the Saraha.

BOLSHEVIK CHIEFS

London, Feb. 28.—Many foreign Bolshevik leaders have arrived in Berlin in the last few days, according to a dispatch to the Exchange Telegraph from the German capital. The best known of the leaders is the Hungarian, Alexander Garbai, whose visit the dispatch says, is believed to be connected with the establishment of an international Bolsherik organization with headquarters in Berlin.

JACK DEMPSEY INDICTED

Federal Grand Jury Bill Includes Kearns; Arrest of Both Ordered

San Francisco, Feb. 29.—Federal bench warrants were issued here yesterday afternoon for the arrest of Jack Dempsey, champion pugilist, and his manager, Jack Kearns, following the return of indictments by the Federal grand jury charging them with conspiring to defeat the operation of the military draft law, and Dempsey with the direct offense of evading military service during the war. Bonds on each indictment were fixed by the court at $1,000.

The penalty in the event of conviction on the indictment charging both defendants with conspiracy may be two years' imprisonment and a fine of $3,000 for each. Under the indictment which charges Dempsey alone with draft evasion the penalty may be one year or less in jail. The latter offense is a misdemeanor, while the former is a felony.

The case against Dempsey and Kearns was based on the declaration of the prizefighter's divorced wife, Mrs. Maxine Dempsey, who, it is said, charged that Dempsey had intimidated her into signing an affidavit corroborating his statements before the draft board in seeking military exemption, that she was dependent upon him for support. She said later that at the time she had been supporting him.

ARGENTINE BURNS WHEAT

Buenos Aires, Feb. 28.—The United States stands to lose coal markets here worth one million dollars a year through her embargo on exportation of gas coal to South America importers said. They urged at least a partial lifting of the embargo, allowing at least one cargo a month to be sent here.

Gas companies in Buenos Aires are now burning wood, wheat, bran and flour, it was said.

TIE ON SUFFRAGE ISSUE

Charleston, W. Va., Feb 28.—The first test vote yesterday on the suffrage amendment in the Senate resulted in a tie.

The vote stood twelve for and twelve against ratification, with several senators absent.

TERRIBLY SWOLLEN

Suffering Described as Torture Relieved

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is heavy machinery across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate. He suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Thetford's Black-Draught. I made him take a big dose and when it began to act he fainted he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thetford's Black-Draught.

Thetford's Black-Draught will help you to keep fit, ready for the day's work. Try it. NC-131

VIRGINIA NEWS

Judge Richardson yesterday in the hustings court of Richmond heard argument on a motion to set aside the verdict in the case of Joseph S. Williams, former chauffeur for the State prohibition department, convicted of wife murder and given a penal term of four years. Judge Richardson indicated that it might take him some days to give a decision.

Interest is manifested in New Canton in a bill in the Virginia legislature designed to prevent the trapping of foxes in Albemarle, Nelson and Amherst counties. The bill is backed by the fox hunting element, which in this portion of Piedmont Virginia has always been strong and influential.

Harry St. George Tucker, of Lexington, will announce his candidacy for governor of Virginia tomorrow. Representative Henry D. Flood, of Appomattox, is not expected to enter the race, and it seems assured that the contest will be between Mr. Tucker and Lieut. Gov. Buchanan. Tucker is a pronounced opponent of woman suffrage and has taken strong constitutional grounds against ratification of the Federal amendments, both for woman suffrage and prohibition, as infringements on the reserved powers of the States to regulate their own affairs.

As an aftermath of the fire at the Beverley Hotel, Staunton, Tuesday morning reports are reaching the police telling of the thefts of jewelry and other valuables, both during and after the blaze. The police have been notified of the theft of a number of watches, rings, sums of money and considerable clothing. Some of the articles are believed to have been taken from the rooms after the occupants had fled. Baggage carried from the hotel also was looted.

The battleship Maryland, building at Newport News, for the United States government, will be launched some time during the middle of March. The Maryland is the largest battleship yet built for the navy. She is 600 feet long, 97 3-4 feet wide at the water line, has a mean draft of 30 1-2 feet and is as large, if not larger, than any of the war ships of the world. She has two funnels, two cage masts, is heavily armored below and above the water line, will make an estimated speed of 21 knots an hour and has a normal displacement of 32,000 tons. Her displacement loaded is 33,490 tons. Four large propellers will thrust the ship through the waters. The ship's complement will consist of 1,400 officers and men.

FIVE BURNED TO DEATH

Mother and Four Children, One Only Two Days Old, Are Victims

Montreal, Feb. 28.—Mrs. M. Gregory and her four children were burned to death early yesterday in a fire which destroyed their home, at Greenfield Park, East. Mrs. Gregory and a two day old baby were lying in bed on the second floor, when the three other children, playing on the lower floor, accidentally set fire to the house.

FACES LABOR REVOLT

Widespread Walk out in France Result of Discharging One Union Employe

Paris, Feb. 28.—France is on the brink of the most serious labor crisis since the armistice, and Alexandre Millerand, who inherited the premiership from the "Tiger" arch foe of radicalism, yesterday served notice on France's "Reis" that he is no more disposed to countenance a revolution than was his predecessor.

He did not hesitate to call a spade a spade in addressing the chamber of deputies yesterday afternoon on the railway strike, which is steadily spreading.

"We are facing a political move-revolutionary movement under a puerile pretext," he said.

The "puerile pretext," is the dismissal of one man by the Paris Lyons and Mediterranean Line which caused the walkout that is now threatening to spread into a general railway strike, which would be a national calamity at this time. The rail men demand reinstatement of this man, Campanaud by name. The premier has advised them to submit the case to arbitration.

Meanwhile the company has dismissed 250 strike leaders, which has fanned the rage of the strikers into redoubled defiance. Their original grievance regarding Campanaud is that his absence from duty which caused his dismissal, was due to his attending a union meeting.

In reality, however, the rail strike is nothing less than a revival of French organized labor's efforts to force "a new deal" and that stripped of all camouflage phraseology, means sovietism.

FOREIGN VEGETABLES

Many Undersell Native Product In Domestic Market

Washington, Feb. 28.—European cabbage, Asiatic peanuts and Spanish onions are among the many imported vegetables competing on the domestic market with home-grown truck. The Department of Agriculture announces that the return of more favorable conditions of ocean freight and lower rates of exchange have made possible the reappearance of competition from Europe in the American markets.

With the shilling worth about 17 cents instead of 24 cents and other foreign units depressed also, importers are in position to undersell the native product in some instances. Irish potatoes are reported offered in limited quantities, f. o. b., sacked Belfast, on the basis of $2.27 per 100 pounds, which may be compared with wholesale prices averaging about $5 in New York and other Eastern cities. Canadian potatoes are selling about on a par with leading markets in this country, allowing for freight charges.

Spanish onions have been in heavy supply and cabbage from Northern Europe also is being landed in New York at a cost reported about two-thirds the local prices of best domestic stock.

PRICES SOON TO DROP

Hoarders and Profiteers Will be Scared Into Open

Washington, Feb. 28.—Prices soon are going to hit the toboggan.

No less an authority is responsible for this statement than Bernard M. Baruch, former head of the War Industries Board. And prior to his war service, when he was active in the buying and selling of securities, Baruch generally was know as a man whose business judgment was almost uncanny.

Appearing yesterday before another Congressional investigating committee—it is the third or fourth time some effort has been made by such a committee to produce some evidence discreditable to Baruch—the former chairman of the War Industries Board said the profiteers and hoarders soon would take fright and begin to dump their stocks on the market. Then prices will begin to tumble.

"Only a cataclysm, an act of God or some development such as the overthrow of the Government and the establishment of some unwanted substitute can prevent this," he said with considerable emphasis.

During the war some 125,000,000 people were withdrawn from production, put to the manufacture of instruments of destruction and consequently a shortage resulted. But with the world turned to production and America especially active the shortage is being covered, and just as soon as this is realized the turn will come in prices, said Baruch.

"When the laborer and profiteer see that the increased production is in sight, and they will be the first to see it, they will unload and run to cover," he said. "With the restoration of normal transportation on sea and on land and with the world back at work, reduction of the cost of living is an absolute certainty."

SUFFRAGE BILL IS HELD TO BE LEGAL

Richmond, Feb. 28.—It is within the power of the General Assembly to enact a bill providing machinery whereby women may exercise the right of franchise after the adoption of the nineteenth amendment to the Federal Constitution, according to an opinion given yesterday by Attorney-General Saunders in response to a request from Senator Robert F. [illegible]. The Attorney-General ruled specifically that a bill offered last week in the Senate with twenty-three pages of [illegible] would be sufficient to insure the passage of [illegible] in addition to ruling that the proposed bill is constitutional the Attorney-General gave as his opinion that the ratification of the nineteenth amendment to the Federal Constitution immediately wipes out all conflicting sections of the Virginia Constitution and that women are automatically enfranchised without further action on the part of the General Assembly.

RAIL BILL IS VALID

[illegible] Washington, Feb. 28.—The Department of Justice yesterday [illegible] turned the compromise railroad bill to President Wilson, with an opinion attached by Attorney General Palmer that there was no constitutional objection to it. Later the measure was referred to Walker D. Hines, Director General of Railroads, for his opinion.

Oldsmobile

SETS THE PACE 22nd Year

The "THOROBRED"
7-passenger Touring Car

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

Miss Dan Berry is supported by an exceptional cast in the picture which is a comedy drama from the pen of Monroe Rickman, her director. Opposite the star is the hit leading man, Joe Shamway, who is in one of his best roles, as the jovial and breezy owner of a Western cattle ranch.

Helen Hawley and Catherine Van Buren, the other women of the play have fine comedy creating parts and the Chinese cook, Sing, are all regular stocks players, selected for their ability to get over laughs and skill to fill the types required on start to a bone.

INGOMAR THEATRE

Action—and more action—and a delightful love theme combine to make this picture a film peize.

AN ALEXANDRIA MAN'S EXPERIENCE

Can you doubt the evidence of this Alexandria citizen?

You can verify Alexandria endorsement. Read this:

J. M. Treakle, oyster dealer, 60 South St. Asaph Street, Alexandria says: "My back was in such bad shape I could hardly get up after sitting down awhile. I do a lot of lifting and sometimes the pains have caught me so I would have to call for help. I can hardly describe the terrible misery I was in. I had headaches that would almost drive me crazy. When Doan's Kidney Pills were recommended I got some at the Creighton Drug Store. Doan's did wonders for me. They took all the misery out of my back and now I can go around and do any kind of work. Since Doan Kidney Pills cured me I have never felt weak and lame like I used to."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Treakle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

FALLS FIVE MILES

Thrilling Experience of Aviator 36,020 Above Terra Firma

Dayton, Ohio, Feb. 28.—An airplane carrying Major R. W. Schroeder, chief test pilot at McCook Field yesterday, fell over five miles after reaching an altitude of 36,020 feet, said to be 5,020 feet higher than the world's record.

Last night the major was in a hospital suffering from shock and temporary partial blindness. Instruments on the machine indicate that it fell more than five miles in two minutes. While still 2,000 feet above the ground, the airplane righted itself and glided to a graceful landing. When the plane settled, attendants who rushed toward it found Major Schroeder sitting erect in the machine, apparently lifeless.

Major Schroeder lost consciousness when his machine reached a height recorded by instruments as 36,020 feet, or 5,020 feet higher than the world's record established by Roland Rohlfs last summer.

His senses numbed and his eyes frozen shut in a temperature said to have been 67 degrees below zero. Schroeder regained partial consciousness when 2,030 feet above the earth in time to right his machine and prevent it from crashing to the ground out of control.

They say "fine feathers make fine birds."
There's lots of wisdom in these words, suggests Dainty Dorothy.

Clothes wisdom means clothing thriftiness these days. Even if papa's from Pittsburgh he has cast a stern and forbidding eye in the direction of clothes extravagance. He is having his old suits cleaned and pressed and found out that some of them didn't show a trace of wear. And he is asking mamma and daughter to fall in line and keep step.
